Klaus Bernardo De Andrade

Senior Software Engineer

👤 Profile

Highly experienced Full-stack Developer with over 13 years in the technology sector. Passionate about coding, problem-solving, and delivering high-quality, scalable solutions. Proficient in a variety of development environments with a focus on Laravel, JavaScript, VueJS, and TDD. Known for consistently exceeding project expectations and being self-disciplined in remote work environments. I am always eager to learn new technologies and improve workflows.
